

Enjoy the loveliest days of the year in the oldest inn/guest house in Lindau, built in 1560 with all mod cons and in rural surroundings.

We attach great importance to comfort and value for money.

Our guest house/inn which is a family business, is situated in one of the most beautiful villages in Schwaben near Lake Constance and the alps and offers many possibilities to pursue leisure activities.

Spring is the ideal time to wander through blossoming orchards.

Bathing and water sport fans certainly get their money's worth at Lake Constance, which is only 5 km away.

We offer good home cooking, local specialities, beer brewed by monks in their famous monastery 'Kloster Andechs', delicious, substantial cold snacks including different types of sausage and cheeses, excellent wines from our region and home-distilled spirits.

We can create a special atmosphere for your party or festive celebrations in our three restaurant rooms which seat 130.

You can park right next to our guest house/inn.

Sorry, no pets allowed!

The next bus stop is 100m from our house and the bus leaves for Lindau 6 km every half an hour.

midday-closing 2.30 p.m. - 4.30 p.m., thursday closed

All of our recently renovated guest rooms have a shower, WC, Sat-TV and comfortable high-quality mattresses.

A beautiful idyllic beer garden, a generous breakfast buffet and an elevator in the house rounds off our offer.

There are tennis courts, as well as a heated outdoor swimming pool with a large sun-bathing area in the village itself, and you can swim in a picturesque lake (Degersee) in the neighbourhood. An idyllic fish pond for angler (within 10 minutes walking distance) and two of the nicest golf courses in Germany can enhance your active holiday.

In autumn you will find peace and quiet and will be able to relax as you walk through colourful woods and orchards.

We are looking forwards to your visit!

Your Anton Strodel with family and staff
